

USING YOUR QR CODE FOR ENTRY TO TOSA POOL

To access your QR code, log into your TOSA Pool account at <https://friendsofhoyt.activityreg.com/>. Click on “Account” in the royal blue bar at the top. On the dark blue bar, click on “ID Cards.” This will pull up the screen with your QR code. Each family member has their own code, which can be accessed from the drop-down box. This is what you will show at the gate. You also have the option to text or email the code from your screen.

If you still have your key fobs, and would prefer to use those, bring them to the admissions window and we will get them connected to your account.
