

Make Mathnasium part of your summer plans.

Secure your child's spot today!

Save \$100

when you enroll by May 31st

It's time to make family plans for the summer. This is also an important time for your child to keep up their math skills so they don't lose what they learned during the school year. The good news is, Mathnasium makes it easy. Our summer math program builds up kids' math knowledge and prepares them for the school year ahead. And we offer the flexibility that allows your child to learn from wherever you are this summer.

Our Summer Program Includes:

- A comprehensive assessment and customized learning plan that details summer goals for long-term success
- Live, face-to-face instruction, whether they learn in-center or online
- A proven teaching method that results in true understanding and increased confidence

Best of all, we make learning math fun!
